RUSTIQ

The Rustiq Collection consists of 6 provincial mouldings with 3 sizes in 2 weathered finishes of walnut and aged white.

The finish is hand applied in multiple layers, incorporating cracks, color fades, and other imperfections which give it the look of weathered and time-worn distressed wood finishes. Other features such as exposed finger joints and small knots add to the overall textural richness of the collection's rustic composition.

Rustiq calls to current art and interior design trends which has seen a rebirth of shabby chic and provincial design, providing framing solutions for folk art, oil paintings and pastels, watercolors, photography, lithographs, and decorative art.

☆ **Gesso Free** • Rustiq has a rough look, but doesn't cut that way due to not having gesso under the finish. Nice clean cuts, mean nice clean joins.

Above: 83806, scorched walnut • Fresh Eggs, Winslow Homer
Below, right: 83807, aged white • Hilltoppers, Peter Sculthorpe
