**Omega Moulding** is a national wholesaler of fine quality picture framing products. We have been providing mouldings of outstanding craftsmanship since 1968. Omega maintains state of the art distribution centers throughout North America in New York, Los Angeles, San Francisco, Atlanta, Chicago, and Toronto. Each facility is stocked with the entire line of over 1400 high quality mouldings available in Length, Chop and Join options. In addition to quality mouldings, Omega offers the largest selection of premium quality Plein Air Gallery Frames in the business, as well as our full line of framing supplies and instructional media for the picture framing industry.

### **Quality**

The products in this catalog have been selected based on over 75 years of combined business experience between Omega Moulding Company and M&M Framing Supplies, acquired by Omega in 2013. These products have been tested for quality and the suppliers represented in this catalog have been vetted for their reliability and integrity. The framing hardware items available from Omega are manufactured using the best quality metals and the highest quality surface plating.

### **Availability**

Availability of some items may be restricted to certain geographic areas by the manufacturer. If the product you wish to buy is not offered in your state we will be happy to suggest a comparable alternative from a different manufacturer.

### **Online Ordering**

Please be sure to visit the Omega Moulding website at [www.omegamoulding.com](http://www.omegamoulding.com) where, as a customer, you can register and instantly use the website as a tool for your business. You can review and select from the complete Omega line, check pricing, view specials, download updated pricing documents, browse closeouts, view your discontinued samples, and use all of the resources we have available to make working with Omega as convenient as possible.

Another great benefit of the Omega Moulding website is online ordering. Convenient, easy-to-use and ready at your fingertips 24 hours a day, you can place orders after hours to ensure that you and your customers will receive your items as quickly as possible.

### **Ride-Along Program**

To make buying your Chops and Framing Supply Items a convenient one-stop shopping experience, we have created the following **Free Freight Program** for you:

- **Supplies accompanying Chop orders of \$100 qualify for Free Fed Ex/UPS ground:**

Your entire order including Framing Supplies will ship free freight when your chop order is valued at \$100 or more.

*\*Oversize items, mats, glass products, foam board, Kraft paper, cardboard corners and gallons of glue are excluded from the free freight ride along due to their bulk and competitive commodity pricing.*

*...and remember "Three and it's Free"; Order three chops and we ship your order for free!*

- **Ride-Along for Length**

The cost difference of adding 10 pounds of Framing Supplies to **RIDE-ALONG** with a Fed Ex/UPS length order will only increase the cost of the freight between \$2.50 and \$4.00 depending on your zone.

### **Oversize Acrylic, Cut-To-Size items:**

Optium acrylic sizes 48x96 and greater are stocked in select locations. Additional freight and crating charges may apply. Custom cut Optium acrylic orders utilizing less than 60% of the sheet will incur a 40% up-charge on the fabricated square foot price.

### **Special Orders:**

For fulfillment of non-stocked items, a Special Order Processing Fee, in the amount of \$25, will be applied. Some manufacturers also charge a Handling / Processing Fee, which would be included in our billing. Drop ship & special orders are subject to credit approval; in some cases, full payment may be required up front regardless of regular credit terms. Freight charges on drop shipped orders will be invoiced to the customer, unless otherwise specified. We're sorry, but we cannot accept returns on special order and / or non-stocking items.
